

**ENVIRONMENTAL SCIENCE AND POLICY
ASSOCIATE OF SCIENCE: 412E**

**Total Credits: 60
Catalog Edition: 2017-2018**

Program Description

The environmental science and policy track is a transfer program that provides the first two years of courses necessary for a four-year baccalaureate degree in environmental science or policy. Working closely with a counselor or adviser, students will be able to tailor their program of study to fit the needs of most, if not all, colleges and universities offering a degree in environmental science or environmental policy.

Program Outcomes

Upon completion of this program a student will be able to:

- Make observations, collect data, and analyze data.
- Apply basic biological and chemical principles to explain experimental results.
- Describe connections between the environment and human societies, including how humans affect the environment and how the environment in turn affects human welfare.
