Raptors Who Code's Event

CYBER SECURITY OVERVIEW – A LOOK INTO TODAY'S HEADLINES, RESEARCH, AND VULNERABILITIES

Hey Raptors!
Join us for a presentation on Cyber-Security
with Mr. Bryan Brown

Mr. Brown leads the Solutions Architect team for Cisco's Central East Operation. His team supports Government, Education and Healthcare customers across ten states and the District of Columbia. He has over 30 years of IT experience and holds a Master of Science in Information and Telecommunications Systems from The Johns Hopkins University.

Mr. Brown will be joining us to discuss an overview of Cyber-Security including recent headlines, and:

- Cisco's Cyber Research organization
- NIST framework
- The anatomy of a ransomware attack

Date: Thursday, April 22nd
Time: 5 pm to 6 pm
Registration Link: shorturl.at/nyHQS
