Anthony Solano

The graphic design degree prepares the student for employment in the field of graphic communication. Some students choose to continue their studies and have been successful transferring to four-year institutions with resulting portfolio. Emphasis is placed on the creative application of design principles and problem solving in graphic design and communication, using both traditional and industry standard digital tools. Students interested in pursuing a four-year BFA in graphic design should consider the AFA: graphic design: 902 transfer program.

See an *advisor* to submit an *Application for Graduation* the semester BEFORE you intend to graduate.

This UNOFFICIAL document is for planning purposes ONLY and completion does not guarantee graduation.

This degree is a career program and may not readily transfer to four year colleges/universities (except in special cases.) Visit transfer planning for more information.
