Overall GPA of 2.0 is required to graduate

‡ Please consult an Environmental Horticulture and Sustainable Agribusiness program adviser before selecting HORT Electives.

Total Credits:

This program provides the student with a comprehensive mixture of academic and practical training in the field of environmental horticulture. The flexible curriculum can accommodate career interests in either landscape contracting or design. Students will learn to design and draft landscape plans; install, construct, and maintain landscapes; and identify, select, and plant woody and herbaceous plants.

[Environmental Horticulture and Sustainable Agribusiness Website](#)

Last Modified: April 2022

Career opportunities include positions as landscape supervisors, nursery managers, landscape contractors, and landscape designers. This program will also serve to expand the knowledge and skills of persons already working in the profession and give the student enough knowledge and experience to establish a private landscape, grounds maintenance, nursery, or greenhouse business.

Advising Worksheet Contact:

Courses include general education requirements, those necessary for acquiring landscaping fundamentals, and those that reinforce the student's area of interest in landscape contracting or landscape design. This program is approved by the Landscape Contractors Association.

See an [advisor](#) to submit an [Application for Graduation](#) the semester **BEFORE** you intend to graduate.

This UNOFFICIAL document is for planning purposes ONLY and completion does not guarantee graduation.

This degree is a career program and may not readily transfer to four year colleges/universities (except in special cases.) Visit [transfer planning](#) for more information.
