

MCALERT

How to Sign Up for MC ALERT

Students and employees are already registered to receive alerts to their College email addresses. However, we encourage everyone to register mobile numbers and additional email addresses to ensure prompt receipt of MC Alerts on multiple devices.

To register mobile numbers and alternate email addresses, log in to MyMC and click on the MC Alert icon. On the MC Alert portal page, simply add cell phone number(s) and alternate emails (your MC email is already registered).

OR Visit:

<https://www.montgomerycollege.edu/life-at-mc/public-safety/mc-alert.html>

to register as a community member without using MyMC or your college ID.
