

BUILDING TRADES TECHNOLOGY CERTIFICATE: 263

Total Credits: 21

Catalog Edition: 2022-2023

Program Description

(R): 263

This certificate curriculum prepares students for employment or advancement in the building and construction industry. A combination of academic and practical instruction provides knowledge and skills that are necessary for success in these professions. Credits may also be applied to the Building Trades Technology AAS degree.

Program Outcomes

Upon program completion, a student will be able to:

- Work effectively as a team member with various construction tradespeople and personnel.
- Describe the construction process as it applies to residential buildings.
- Perform practical construction skills as it applies to buildings.

Program Advisors
